RURAL SOCIOLOGICAL SOCIETY

RSS Presentation Policy

Purpose

To ensure broad participation and equitable access to presentation opportunities at RSS annual meetings, each individual is limited to being listed as the presenting author on **two oral (podium) presentations**.

For the purposes of this policy, an **oral (podium) presentation** is defined as a regular oral, flash oral, or invited panel presentation. Each individual may be listed as the presenting author on no more than two of these presentation types. Non-presenter co-authorship on additional oral presentations is permitted and will not count toward the two-presentation limit. The policy does not apply to pre-meeting workshops, 'Author Meets Readers', roundtables, or poster presentations; these session types do not count toward the two-presentation limit.
